GOLF CART

All Rights Reserved By Nebula Electric Vehicles .

The Next Generation of 4-Passenger Mobility

20 YEARS of expertise in golf carts.

Nebula is at the forefront of innovation in electric vehicles, specializing in the research, development, manufacturing, and sales of fleet golf carts, as well as personal, commercial, and utility vehicles. The latest nebula model exemplifies sophistication, intelligence, and adaptability like never before, featuring a state-of-the-art operating system that seamlessly learns and aligns with your preferences over time.

Designed to comfortably accommodate four passengers, this model offers luxury seating with integrated storage solutions to enhance every journey. Its striking, athletic design commands attention, blending bold aesthetics with cutting-edge performance. Powered by nebula's advanced electric drivetrain, this golf cart delivers a dynamic driving experience with a sportier edge, embodying both strength and elegance.

Nebula redefines the modern golf cart, pushing the boundaries of what an electric vehicle can achieve.

Automotive Designed Dashboard

Indicator & Lighting
Stalk Switch

Integrated center console with cup holder
and wireless mobile phone charging.

Wireless Mobile Phone Charging

Comfort configuration with convenience as the primary goal. No need to plug or unplug data cables, charge as needed, keep the interior space clean.

9" Touchscreen with Carplay Compatibility (For Navigator Models)

CarPlay compatibility for a more intuitive driving experience, seamless connectivity.

Apple CarPlay

Android Auto

Adjustable Steering Column

The steering column supports a wide range of angle adjustments, which can help drivers of different heights and body shapes find a safe and comfortable driving posture with good visibility, improving the driving experience.

Storage Compartment

Newly designed dash has large, dual-sized storage compartment, room for more items like keys and mobile devices.

Optional Dual Golf Bag Holder

Add a rear-mounted golf bag holder to carry up to two golf bags — perfect for a day on the course.

Wheeled Portable 35-QT Cooler

Maximize space for extra golf bags and customize the storage to match your needs. Experience the ultimate in convenience and flexibility on every journey!

Collapsible Cargo Grocery Organizer

Concealed Foldable Cargo Bed & Collapsible Utility Box

The perfect solution for on-the-go adventure, the basket maximizes space when needed and folds away discreetly when not in use. The integrated storage caddy ensures your items stay secure and organized, preventing spills and saving space.

LED Lighting

**Beam At The Darkness !
Eco-Friendly . Cost-efficient.
Long Lasting. Hassle-free.**

Nebula personal transportation vehicles are equipped with a full suite of energy-efficient LED lights— including high beams, low beams, daytime running lights, turn signals, and brake lights — delivering maximum visibility and safety on the road.

Our advanced LED system consumes less battery power while providing a field of vision 2 to 3 times wider than conventional models, giving you the confidence to drive safely, even after sunset.

High Visibility, Enhanced Safety

Experience brighter, more reliable LED brake lights that ensure every stop is seen, enhancing your safety on the road.

Premium Sound Bar and Illuminated Speakers

The sound system delivers enhanced audio through the premium sound bar and illuminated speakers under the seats. The touchscreen controls enable seamless connectivity, while synchronized lighting modes align dynamically with audio rhythms, creating unified light patterns that enhance both sound and visual immersion in your Nebula golf cart.

Front Bumper Light

Upgrade your golf cart driving experience with the brush guard featuring a mounted light. This durable accessory protects the front end from debris while the high-performance light enhances visibility for off-road and nighttime driving. Perfect for golf cart enthusiasts seeking both protection and improved safety, enhance both sound and visual immersion in your Nebula golf cart.

Charging Socket

Heavy duty charging socket, for higher current flow, better heat dissipation.

48v 105Ah

48v 160Ah

Lithium Battery

The lithium-ion battery packs, equipped with an integrated battery management system, feature advanced software for precise balancing, seamless management of regenerative currents, and prevention of unnecessary system disconnects. Key benefits of these lithium-ion batteries include reduced weight, faster charging times, extended lifespan, maintenance-free operation, and lower energy costs. Nebula delivers advantages that stand out compared to other lithium battery providers.
